

gpusat::Solver::solveProblem

```
graph LR; A[gpusat::Solver::solveProblem] --> B[gpusat::solutiontable];
```

A diagram showing a function call. On the left, a white rectangular box with a black border contains the text 'gpusat::Solver::solveProblem'. A dark blue arrow points from the right side of this box to the left side of a second rectangular box on the right. This second box has a light gray fill and a black border, and it contains the text 'gpusat::solutiontable'.

gpusat::solutiontable
